

SEC Coupling

Suction Pipe with 2" BSP thread

Common Applications

AdBlue™ Compact Pump System is designed for easy hang-off-the-bars of an IBC (intermediate bulk container).

The SEC coupling system with suction pipe ensure safe transfer/dispensing of chemicals and for easy switch to another IBC.

Features

- Stainless Steel Mounting Bracket
- W85H Inox Urea Pump
- FMT3 Flow Meter
- Dispensing Nozzle Holder
- Automatic Shut-off Hand Nozzle
- Suction Pipe with 2" BSP Thread SEC coupling

Technical Specifications

Flow Rate	48 l/min*
Suction Height	4 meter*
Duty Cycle	100%
Ambient Temperature	- 5 to 40 °C
Driving Power	0,55 kW
Protection Class	IP 54
Current	2,6 A
Power Supply	230V
Frequency	50 Hz
Discharge Hose	8 meter
Max. Medium Temperature	- 5 to 30 °C
Cable Length	4 meter
Weight	15 kg

**Viscosity- and System Dependent*
